Lake Como Phase 1 Re-opening Status:

Social groups are to remain at 10 or fewer.

Persons age 65+ or in any vulnerable population are encouraged to avoid crowds and should stay home as much as possible.

Bars will remain closed.

Restaurants may elect to operate indoor seating at 25% capacity and outdoor seating as long as proper social distancing is observed (meaning separated by 6 feet).

All persons engaged in face to face interactions where proper social distancing is not possible are encouraged to wear a face mask.

The prohibition of vacation rentals is still in effect.

With this in mind, LCCI informs you of the following:

1. Reservations for our motel and cabins have been cancelled for the month of May.
2. We are not yet ready to admit members given the limitation on gathering size of 10 or fewer.
3. Our restaurant will continue to offer carry out service only with limited, socially distant seating offered in the screen porch and in the al fresco area. We will re-evaluate use of the indoor dining room

soon. Food and alcohol are still not allowed at poolside in the lounge area until further notice.

4. All other restrictions are still in place.

We miss our members and guests very much and we truly hope that phase 2 brings us the ability to relax the restrictions enough to welcome them back at that time. Until then, please join me in remaining vigilant with staying safe and healthy.
